

NAU Trust

The Natal Agricultural Union Trust was established in 1998, after a resolution by Congress was passed to donate the Naunlu Building to the trust by the members at the time.

The objects of the trust are namely:

- a) to promote the interest of organised Agriculture in all its forms in the widest sense, in KwaZulu-Natal
- b) to do anything and to promote any cause which in the sole discretion of the trustees will promote the foregoing objective.

The Trust has been operating successfully and has been a major contributor to Kwanalu in its quest to meet with promoting agriculture. The Trust also seeks to create opportunities for contributions, donations or grants by Farmers' Associations or individuals. Donations made are tax deductible.

If you wish to financially participate in the Trust this contribution would be greatly valued. The banking details are: FNB – Hayfields, Branch code 22-14-25, Account Number 62011348770.

For further information please contact Sandy La Marque on 033-342 9393.

Mission

Kwanalu's strategic focus is to provide leadership on all key agricultural issues to commercial farmers (of all sizes) and related agricultural organisations in KZN. This will be achieved by developing top-level skills in lobbying, facilitating and advising.

Kwanalu will collect, collate and interpret all relevant information and further develop its capacity to ensure it has excellent communication with all its members.
